We hope you enjoy your sessions with us, here are some of our policies you may need to know

- We ask you to remember that our salons are a training environment and our prices are set to reflect this. It is not possible in our salons to request a particular student as our learners need to complete their services on a range of clients.
- We have both male and female students and clients, we do not have separate sessions based on gender.
- All treatments are carried out under the supervision of a qualified assessor. All treatments are carried out at clients own risk.
- If you should have any problems with any treatments, you must address this with the teacher in the classroom either in private or outside of class. Alternatively, speak to a member of staff at reception before you leave the premises. If you do not tell us before leaving the premises we will be unable to rectify the problem.
- A full consultation is performed prior to all treatments, we would ask you to be honest with your therapist about any concerns you have pertaining to the treatment.

Cancellation policy

Should you need to cancel your appointment please let us know 24 hours in advance. If there is no one to answer the phone at that time, please leave a clear voicemail with your name and number stating that you're cancelling the appointment.

Laser & IPL Treatment Client Disclaimer

- Please note that prices can vary depending on the size of the area treated.
- Please note we cannot guarantee hair will be permanently removed due to many factors.
