

Light Vehicle Maintenance and Repair Level 2

The IMI L2 Diploma in Light Vehicle Maintenance and Repair qualification will allow you to prepare for a career in the Motor Vehicle Industry.

You will gain an understanding of this industry in general and an insight into the various career options available.

We have strong links within the industry and work with companies such as Mercedes, Audi, BMW & the AA.

Waltham Forest College is putting sustainability at the heart of everything that we do, and in this course, you will also learn how hybrid and electric vehicles are more climate-friendly, with an awareness of maintenance and the impact on carbon emissions. As well as how to effectively drive vehicles and the impact this has on the environment.

The course is scheduled for 3 days per week and has a mixture of practical and theory work.

- [Sector Overview](#)

The Automotive Industry is a vital part of the UK economy. With more than 182,000 people employed in manufacturing and some 780,000 in total across the wider Automotive Industry, it accounts for 10% of total UK exports generating £77 billion of trade.

More than 25 manufacturers build in excess of 70 models of vehicle in the UK, supported by 2,500 component providers.

- [Entry Requirements](#)

The entry requirements for this course are:

- 4 GCSEs at Grade 4 (C) or above including Maths (Grade 5) and English (Grade 4)
- Assessment and interview

If required, you will study GCSE or Functional Skills maths and/or English alongside your course so you can progress onto the next level.

- [What will I study?](#)

This course consists of the following modules:

Disclaimer:
