

Bricklaying

This course is designed for 16-19 and 19+ year olds.

You will start on the Certificate in Construction Skills (Bricklaying) qualification in year 1 before moving onto the Diploma in Bricklaying (QCF) in year 2.

This 2 year bricklaying course is a package designed to give you all the skills and certification you need to successfully access a career in the Bricklaying Industry.

If you join Waltham Forest College, you will leave your bricklaying course with 6 industry relevant qualifications which will give you a competitive edge when stepping into the world of work.

After the 2 years, you will have the option to study a Level 3 NVQ, delivered by the College, alongside working in the industry. The NVQ will give you the extra level of certification you need to work as a Bricklayer in a commercial setting.

Throughout the course you will receive training which reflects the reality of the industry and provides you with a comprehensive understanding of the skills and knowledge required to progress your career.

The course is scheduled over 3 days per week and will be a mixture of theory and practical.

19+ adults course fee: £527. You may be eligible to study this course for free or access [financial support](#).

Progression opportunities

This course will lead to:

- Transition to T Level in Construction
- Employment into the Bricklaying Industry
- NVQ Level 3 at Waltham Forest College – If you wish to further enhance your skills in the workplace then the NVQ Level 3 will allow you to work in the commercial industry.

Entry Requirements

The entry requirements for this course are:

- 4 GCSEs at Grade 1 (G) or above including English and maths

Disclaimer:

Every effort has been made to ensure the details contained in this leaflet are up-to-date and accurate at the time of printing. However, the College reserves the right to alter or cancel courses, their content, entry requirements, fees or other details should circumstances dictate.

If required, you will have the opportunity to study GCSE maths and/or English alongside your course so you can progress onto the next level.

What will I study?

This course consists of the following modules:

- Health and Safety in construction
- Constructing half brick corner
- Constructing cavity walls in brick and block
- Constructing 1 brick walling (English bond)
- Half brick wall with basket weave feature
- Attached and detached piers
- Raking and cutting to a timber frame building
- Cavity wall with window opening
- Plinth brickwork

How will I be assessed?

You will be assessed across a mixture of theory and practical assignments which will be carried out to industry standards.

The assessment methods will be a mix of the below:

- Practical assessments
- Theory based assessments
- Online exams

All assessments will give you an opportunity to pass at one of the following three standards:

- Pass
- Merit
- Distinction
