

## 18th Edition

This qualification is primarily aimed at practising electricians with relevant experience and other allied professionals, such as surveyors, consultants and other trades needing to update and enhance their understanding of IET Wiring Regulations.

It is also suitable for anyone wishing to demonstrate an understanding of the IET 18th Edition Wiring Regulations (BS 7671).

The IET Wiring Regulations (BS 7671) are the definitive standard for the electrical industry in respect of safe use and operation of electrical equipment and systems. They set requirements and operating criteria for the UK and correspond to EC standards and are recognised by the British Standards Institute as a British Standard (BS 7671). It is intended to ensure that individuals are conversant with the format, content and application of the Requirements for Electrical Installations BS 7671:2018.

**Course cost:** £405

You will study over 21 hours (3 days) + Exam assessments.

- [Sector Overview](#)

These new regulations are important to keep existing installations up-to-date and safe for the public and other electricians.

It's vital to familiarise yourself with these guidelines if you'd like to work on electrical installations and install socket outlets safely.

Many agencies will typically only hire electricians with up-to-date knowledge of the existing guidelines.

Being familiar with these guidelines can also help anyone who wishes to register in a competent person scheme.
