

GCSE Maths (Evening)

As part of this course, you will study various mathematical concepts, including algebra, statistics, geometry, number and shapes.

The course is scheduled over one day per week for 3 hours.

- [Sector Overview](#)

Are you looking to progress in your current career, retrain or upskill?

Retraining in an existing career or entering a new career path is a great way to increase your job satisfaction.

A new career can lead to a better work-life balance and an improved financial situation.

Research has shown that there is a direct link between GCSE grades and earning potential. Achieving good grades in your GCSEs will also impact your future career prospects.

A grade 4 or higher in GCSE Mathematics is a requirement for many Higher Education courses and careers, including those in science, teaching and nursing.

The skills and knowledge that you will learn through the qualification will ensure that you are prepared for life.

- [Entry Requirements](#)

The entry requirement(s) for this course are:

- Diagnostic assessment to enable us to gauge the level you are currently working at and enrol you on the most suitable pathway for your success
