

# Understanding the Principles of Dementia Care Level 3

This course is designed for 19+ adults.

The NCFE CACHE Certificate in Understanding the Principles of Dementia Care Level 3 qualification will allow you to have a sound knowledge and understanding of dementia care.

Successful completion will support you into relevant employment within the Health and Social Care Sector.

## Progression opportunities

This course will lead to:

- Level 4 qualifications in relatable Health and Social Care, Dementia Care or Mental Health.

## Entry Requirements

The entry requirements for this course are:

- There are no formal entry requirements, however, a Level 2 qualification in a relatable subject is desirable.
- A good level of written and spoken English is required.

You will be required to attend an informal interview which may include completing an assessment based on your prior qualifications.

## What will I study?

This course consists of the following modules:

- Understanding dementia and person-centred approaches that underpin care and support for those with dementia
- Communication and interaction
- Choice and medication
- Equality and diversity
