

## Health - Adult Nursing - T Level Level 3

The Health - Adult Nursing - T Level course is designed for learners aged 16-18 who are looking towards a career in the Health Industry in particular nursing.

You can also progress into roles such as:

- Ambulance care assistance
- Care worker
- Emergency care assistant
- Healthcare assistant
- Palliative care assistant
- Dental nurse
- And many more

- [Sector Overview](#)

The largest employer in the UK Healthcare Sector is the NHS, which employs more than 1.5 million people - placing it in the top five largest workforces in the world. There are more than 350 different roles available within the NHS.

A significant proportion of the sector's workforce is in independent healthcare. In addition to their private sector functions, these providers are increasingly contracted to provide services on behalf of the NHS.

- [Entry Requirements](#)

The entry requirements for this course are:

- 4 GCSEs at grades 4 or above, or equivalent, including English, maths\* and science.

You will be required to attend an informal interview which may include completing an assessment based on your prior qualifications.

*\*Consideration may be given if only English and science has been achieved, depending on other subject grades and with the expectation that maths will be achieved at Grades 9-4 before completing the T Level. This will form part of the interview and assessment process.*

As part of this programme an enhanced DBS check will be required for placement and as an industry requirement (provided by the college).

Please ensure correct information on any convictions is recorded on your college application so we can discuss this with you.

Where entry requirements have not been achieved, students may be referred to the Level 2 Health.
