Job Title: Business, Health and Engineering HNC/D Lecturers

Location: East London

Hours: 36 Hours

Salary range: Unqualified £24,800 - £27,669, Qualified £29,237 - £36,525 per annum including London Weighting

Waltham Forest College is a forward thinking, vibrant, diverse and exciting place to study and work. We are proud of our achievements including being rated as the top performing college in London for student satisfaction for the past two consecutive years, as well as being graded as Good by Ofsted.

We believe that our employees are the heart of the organisation and having the right people in the right place, with the right skills is the key to our success. We are looking for a committed individual who is passionate about working in an aspirational and high performing college and dedicated to contributing to an outstanding experience for our learners.

The successful candidate will have a keen sense of responsibility, ownership and a 'can do' approach to addressing everyday challenges. If you believe you have the skills, experience and motivation to make a difference and be part of Team Forest, we strongly encourage you to apply for the post at Waltham Forest College.

This position is an excellent opportunity for an enthusiastic and highly enthused lecturer to assist in taking the area forward to outstanding.

The main purpose of the job is to teach HNC and HND to students from a range of curriculum areas and to maximise their success. To design, develop and produce learning and teaching material and deliver either across a range of modules or within a subject area. Lecturers will ensure the efficient strategy, policy and procedures, contribute to activities which influence leading edge practice in a way that engages, inspires and leads to high achievement. You may also be required at time to teach on other areas within your subject such as adults, access and pre access courses and 16-19.

You will need to have the experience and knowledge to teach on HNC/HND within the HE and Access department and be able to support and inspire learners to achieve their goal of progression onto higher level courses or into the workforce.

The person selected for this role will need to have a degree in the relevant subject and a teaching qualification. The candidate will need to have recent experience of teaching and be able to teach both practical work and theory lessons in an innovative and original way and be graded as good or outstanding in recent lesson observations.

You will also have experience of meeting the needs of the learners and expectations of the team as well as those of any external partners and employers that we are or could become associated with. Have excellent organisational skills and be familiar with the colleges monitoring and tracking systems.

The curriculum specialism we are recruiting for are **Business, Health and Engineering.**
